

WATERLINE

7 UNIQUE THINGS ABOUT NOORDHOEK

Our guests keep coming back as they love WATERLINE but also, they love the natural beauty our local area offers.

CHAPMAN'S PEAK DRIVE

Widely regarded as one of the world's most beautiful and scenic drives and straddling Hout Bay and Noordhoek, we are fortunate to have one of South Africa's icon's right on our doorstep. The long winding road and tall cliffs of the Chapman's Peak Mountain promises to keep you entertained as you wend and hug the mountain taking in the most spectacular views. Stop at a viewpoint along the route and enjoy breathtaking views while having a picnic and don't forget to look out for whales during season.

HORSE RIDING

If you've always dreamed of galloping a horse along a white sand beach, look no further. Ride along the water's edge on expansive Noordhoek beach and look out for birdlife, otters and seals. If you are lucky, you'll see whales and dolphins leaping in the bay and keep a watchful eye for a flock of pink flamingos. We'll arrange a horse from the front door of WATERLINE.

THE FOODBARN

Franck Dangereux nurtured La Colombe in Constantia from conception to the most highly ranked restaurant in Africa (28th in The World's 50 Best Restaurants, 2006). When it all felt like too much hard work, he moved to Noordhoek and opened The Foodbarn. The pomp has been stripped, the kids are very happy, and the food (French regional) is sublime. It's better in 'lunch mode', more couple-y in the evenings and a good choice for vegetarians.

WATERLINE

7 UNIQUE THINGS ABOUT NOORDHOEK

CAPE POINT VINEYARDS

An award winning winery with the most breathtaking views across Long Beach. With close proximity to the cool Atlantic breezes it is no wonder that the sauvignon blanc is world class. The tasting room is open every day from 11am to 6pm and cellar tours can be arranged. We recommend the picnic basket sitting on the estate's manicured lawns with elevated ocean and mountain views.

HIKING

Whether you're a seasoned hiker looking for some inspiration or an inexperienced trail blazer, Chapman's Peak offers a hike to suit you.

From easy strolls through the forest to more challenging climbs up the mountains surrounding WATERLINE, you are spoiled for choice.

The views from Chapman's Peak are sensational and will leave you breathless.

LONG BEACH WALKS

This beautiful beach, directly in front of WATERLINE, is perfect for walking, surfing and horse riding. At the end of the beach, you can explore the Kakapo shipwreck which is one of the only completely visible shipwrecks in the world.

MONKEY VALLEY – THORFYNN'S RESTAURANT

Whether for breakfast, lunch, drinks or dinner, this Noordhoek jewel set within a milkwood forest and elevated above the beach offers the most magnificent location. Relax and enjoy the sunset views overlooking the crashing Atlantic waves from the shaded outside deck. The menu makes use of the freshest local free-range produce and includes a great selection of vegetarian options, succulent seafood dishes and tasty South African traditional dishes.
